

THIRTEEN IN A DAY.

Republican Conventions to Be Held Here on Next Tuesday.

STOWE IS THIRTY YEARS A JUDGE.

The County Gathering Is to Be a Most Representative Body.

VERY FEW FIGHTS ARE NOW SCHEDULED

There will be 13 Republican Primary Conventions in Allegheny and Westmoreland counties next Tuesday. There will be one County Convention, two Congressional Conventions, two Senatorial and eight Legislative Conventions. In many instances there will not be any fight, but in other regular harp-pulling matches are expected. The fights, however, are nearly all in the legislative districts, especially in Allegheny and in the Seventh and Eighth districts.

It is expected this year that the County Convention will be the most representative and most orderly ever known in the history of the county. There is no opposition. Judge Edwin Stowe, who has now been on the bench for 30 years, will be re-nominated. Major A. M. Brown, who was a school boy with him, will make the nominating speech. Heber McDowell, who for the past six years has made the best Coroner the county ever had, is to be rewarded with another term. Major E. A. Brown, General J. Pearson, Dr. C. A. Shaw, Dr. J. Green, Dr. J. Gray McDaniel, Prothonotary John Bradley, David McGinnis, J. G. Buchanan, W. C. McEldowney, Dr. J. W. McCready, ex-County Controller Josiah Speer and Mayor William Zukiam, will be the delegates to the Miller and R. P. Duff.

Judge Edwin H. Stowe has served as Judge in this county continuously since 1862. This honor, should he live, will give him a record of 40 years on the bench. He lives near Sewickley, at a place known as Quaker Valley, that has been famous as the home of great men. Judge Stowe was the eldest son of Hiram Stowe and Martha Darragh. He is the great-grandson of John Hart, of New Jersey, who was one of the signers of the Declaration of Independence. Edwin H. Stowe was born at Beaver January 2, 1826. He graduated from Washington College in 1845, and a year later entered the law office of Judge Hampton. He was admitted to the Allegheny county bar in 1849. His progress was slow until 1855 when he formed a partnership with H. H. Hampton. The firm soon became famous, and in 1862 he was chosen Judge, and has been re-elected ever since without opposition.

Coroner McDowell's Bright Record. Coroner Heber McDowell, who is already in the shadow of his third term, is one of the best known Coroners in the country. He is only 38 years old, and was first chosen for the present office in 1886. He was on the police force for many years and was badly wounded while capturing a desperate criminal in the lower part of the city. Upon his recovery he was chosen constable of the Fourth ward. He made a great record there, and then was made Superintendent of the American Detective Agency, with which the late D. H. Gilkinson was connected. His record as a detective is peculiarly fitted to him for his present position. He is the only Coroner in the country who has ever tabulated the records of that office. He is the only Coroner who makes an annual report. Through his efforts all the railroads in this county have constructed overhead bridges and put up safety gates at grade crossings. It was through his findings that the laws on fire escapes have been enforced and that the street cars have been compelled to stop before crossing the lines of another company. His findings on overhead wires are also bearing fruit. In his two terms he has had to deal with 136 murder cases, and he personally worked up the evidence in these cases. He was especially active in helping to run down Murderer Fitzsimmons and the murderers of Miss Ellen Douglass and Mrs. Eudert, of Tarentum.

The Twenty-second Congressional Convention, to renominate Hon. John Dalglish, will meet at Alvin Theater at 10 A. M. There is no opposition. R. G. McGonigle will be Temporary Chairman, and Judge Reed will be Permanent Chairman. The convention of the Twenty-third Congressional district, to renominate Colonel W. A. Stone, will meet in Allegheny Common Council Chamber, 10 A. M., with Arthur Kennedy as Chairman. The other conventions will be as follows:

Senatorial and Legislative Conventions. Fourth Senatorial—John S. Lambie, Chairman. It is to be held in Select Council chamber at 10 o'clock. Senator John Upperman has no opposition. Fourth Legislative—Meets at Duquesne Theater at noon with Geo. L. Holliday as Chairman. Hon. Upperman is the present incumbent, is opposed by Dr. A. J. Darchfeld. First Legislative—two members—Select Council chamber, Allegheny, at 7 P. M.; C. W. Geisler, Chairman. Ritten and Crinkshank will oppose. Second Legislative—two members—Common Council chamber, Allegheny, at 7 P. M.; J. H. Lindsey, Chairman. Robinson and Robinson will enter the lists with Robinson and Wertheimer. Third Legislative—two members—Tariff Club, Pittsburgh, at 7 P. M.; John Doyle, Chairman. M. B. Lemon and Arch Mackler, have no opposition. Fourth Legislative—Tariff Club, at 7 P. M.; Thomas Ferry, Chairman. This district consists of the upper end of the First ward along Penn avenue to Thirty-third street and a heavy Democratic majority. John Kearns the present member, is opposed for the Democratic nomination by J. J. Sullivan, a conductor on the P. E. C. Fifth Legislative—four members—Common Council chamber, Pittsburgh, at 7 P. M.; W. H. Mackey, Chairman. The present members, David Weaver, Emmett E. Cotton, William Culbertson and M. S. Lafferty, have no opposition. Sixth Legislative—two members—Common Council chamber, Pittsburgh, at 10 A. M.; John F. Cox, Chairman. D. R. Jones, one of the present members, retires, and the slate is Mackey and Wilson. Seventh Legislative—two members—Temple's Hall, Allegheny, at 10 A. M.; T. J. Ford, Chairman. The candidates are T. H. Betz, Patterson, Samuel Wallace, Joe J. Ritchie, Charles H. Quail, David L. Smith and Dr. W. B. Kressen. Eighth Legislative—Select Council chamber, Pittsburgh, at 11 A. M.; W. E. Thompson, Chairman. Ex-Jury Commissioner Walker is making a strong fight against Samuel E. Stewart, the present member.

A PATTERN SHOP BURNED.

Fire in Kinser & Jones' Foundry on Penn Avenue Does \$10,000 Damage—Three Districts Called Out—Immense Crowd Attracted to the Scene.

Shortly after 4 o'clock yesterday afternoon a fire was discovered in the roof of Kinser & Jones' foundry and machine shop, on Penn avenue, between First and Second streets. The fire is supposed to have caught from a cupola, and by the time the fire department reached the same the entire upstairs portion, which is used as a pattern shop, was ablaze.

Chief Humphries, taking into consideration the dangerous location of the fire, sent in an alarm calling out two extra districts. The department managed to confine the fire to the upper portion of the building, but it was not extinguished until that part was badly gutted. The damaged portion of the building, known as a pattern shop, contained many valuable patterns as well as valuable machinery, all of which are lost. The members of the firm placed their loss at between \$8,000 and \$10,000 and said that they were fully covered by insurance placed in different companies.

The fire caused a great deal of excitement in the neighborhood, a large crowd, which was handled by the police and no accidents happened.

STARTED TO BUILD THE ROAD.

Work Commenced on the West End Electric Railway.

Work is about to be commenced on the new West End electric road. Yesterday afternoon a stone crusher was brought down to the Point Bridge station on the Pittsburgh and Lake Erie road and set up on West Carson street just at the bridge. Thomas Fox, who has the contract for furnishing the stone, has a large number of men at work in his quarry and is getting stone out very rapidly. It is hoped to get the crusher at work today, and to that end, the wagons will be set to hauling stone immediately.

KEEP YOUR EYE CONSTANTLY ON THE "ROOMS TO LET" AND "WANTED" BOARDS IN THE DISPATCH.

The Right Way to Make Soap.

Most all soap made is recommended for its mild washing it would be well to look with suspicion on soap that washes very fast. Soap is a combination of alkali and oil or oils of various kinds when mixed in proper proportion the alkali and fats combine and form soap. If there is not sufficient alkali added the soap is soft and greasy and does not wash well; consequently the tendency among all soap-makers is to add a surplus of alkali. This makes the soap hard, and also makes it a quick washer; but while the surplus alkali attacks the dirt, it also attacks the fibers of the clothes; so that clothes washed with soap of this kind soon lose their softness and their natural luster. In making Walker's family soap there is a special alkali added to insure every particle of fat being turned into soap, and then all the free alkali is washed out by a chemical process, thus insuring an absolutely neutral soap, that will not injure fabrics, harden wood or stain the finest fabrics. Walker's soap is made by the chemist of the Pennsylvania Railroad and found absolutely neutral, is used by that company on that account. Ask your grocer for Walker's family soap. Try it. It costs no more than ordinary soap.

"We must take the current as it serves, or lose our portion." You can insure your life to-day. You may be uninsurable or even dead to-morrow. Insure against both old age and death by taking a lifetime policy in the Equitable Assurance Society, EDWARD A. WOODS, Manager, 516 Market street, Pittsburgh.

Mothers, Bring Your Children This Week To Auntie's gallery, and get one dozen of those fine cabinets for \$1, at 77 Fifth avenue.

Marriage Licenses Issued Yesterday.

Encounter Danger.

By the use of flavoring extracts made from ethers, poisonous oils, and other injurious drugs, in our pastry and our creams, we encounter danger. Such extracts give, it is true, some foreign flavor, but in their very nature are injurious. These evils may be avoided by purchasing and using Dr. Price's Delicious Flavoring Extracts of Vanilla, Lemon, etc., which are free from all hurtful substances, made from the fruit, containing their natural and luscious taste. You will never be disappointed in their use.

THE GREATEST PURCHASE OF THE YEAR.

150 PIECES FINE IMPORTED

GLACE

CHANGEABLE

SILKS!

Handsome designs, superb quality, purchased at a sacrifice from an importer who brings out only fine, desirable goods. They, like all other importers and merchants, make mistakes—get overloaded from buying too large a quantity, or get left on the deal by a large lot of goods arriving late in the season. Then they have to seek a customer and make the loss. We bought the entire lot.

150 pieces fine CHANGEABLE GLACE SILKS, and they go on sale to-day—

\$1.50 qualities \$1.

\$1.25 qualities 75c.

Over one hundred pieces of the lot will be sold at 75 CTS. a yard.

Every woman in Allegheny or Pittsburgh, or wherever this paper is read, wants to see these elegant Silks—for street, house, or handsome gowns for summer watering places.

Our Silk Department has had many active sales—this one will be extraordinary, and if you have any interest in handsome Silks, be among the first to see.

BOGGS & BUHL,

ALLEGHENY. my24-46

NOW, NOT LATER.

Ladies having Seal Garments to repair or made into Wraps, Capes or Jackets should send them to us now, not in the fall. You expect a perfect fit and your work done well. To do this we must have time. We cannot do it in a rush.

—Our Fall Designs—

—in Seal are ready—

—to show—

N. B.—Seal Garments left for repairs now will be insured without cost.
